

Some good reasons to buy Haines Hunter...

All Haines Hunter boats come with a Seven Year Structural Warranty. The Haines Hunter seven Year Owner Protection Warranty is a gilt-edged guarantee of excellence in craftsmanship and integrity of our products.

All Haines Hunter boats inclusive and above 585R feature Digital Switching System as Standard. DSS offers many advantages including: maintenance free, waterproof keypads, optional remote, no fuses, electronic circuit protection and much more.

All Haines Hunter PDV Hulls have a deadrise of 21 degrees which is the perfect combination of performance and stability. It has to be a Performance Deadrise Vee.

HAINES HUNTER.
Creating the difference.

the CLASSIC

650 Classic OS

600 Classic OS

The perfect combination of family boating and fishing fun, the Classic Offshore series offers you all your basic fishing requirements with a few more of the little luxuries you have come to expect from Haines Hunter. Even Mum will be impressed with the long list of creature comforts available on this fishing boat.

Every part of this boat, in particular the cockpit, has been carefully designed to maximise space. Haines Hunter's patented Performance Deadrise Vee (PDV) hull also guarantees a smooth ride, with precision handling and superior performance in bluewater conditions.

Perfect for offshore fishing or a family day on the water, the Classic Offshore range will keep the whole family happy.

Off Shore: a perfect fishing platform

The Classic Offshore range has earned itself a formidable reputation as a multi award winning range. The 600 Classic was awarded Fishing Boat of the Year by Modern Boating in 2007, following in the steps of its bigger sister the 650 Classic who was awarded the same honour in 2005.

The Fishing Boat of the Year awards are judged on safety, performance, value for money, fishability and innovative design, so it's no surprise that the Haines Hunter Classic Offshore series has been a strong contender in this field.

The Classic Offshore Range features 32mm stainless steel bow rails, single and twin engine applications and is backed by Haines Hunter's seven year structural warranty. The range also features a high freeboard, loads of storage space and a long range fuel tank. All this makes for a great boat that will maintain its resale value.

CLASSIC Cruiser

Cruising with class and style

The new Classic Cruiser has been built with family in mind, and comes with an impressive list of creature comforts. With a foldable double bed and loads of storage the Classic Cruiser range is surprisingly spacious.

Despite it's family friendly features the fishability of the Classic Cruiser hasn't been compromised. The Classic Cruiser comes with a freshwater tank, removable seat for extra fishing space, a galley unit and electronics package fitted as standard.

The Classic Cruiser range is often referred to as a caravan on water, and with its long list of creature comforts it's easy to see why. Its comfort value makes this range great for family boating.

Despite its cruiser credentials the Classic Cruiser still has a provision for a full walkaround and enough fishability to impress Dad.

Laze back and soak up the sun on the fully removable L shaped cockpit lounge, or go fishing and latch it in as a double bed. You'll also find a removable table and freshwater tank onboard the Classic Cruiser range, as standard inclusions.

This great range also comes standard with a Lowrance fish finder and GPS. There's also a provision for electric anchor winches and twin or single engine application. This is a great range that has all the creature comforts of home, but still measures up as a serious fishing boat.

Classic Off Shore Models

Overall Length:	6.25 m	Max Transom Engine Weight:	380 kg
Overall Beam:	2.40 m	H.P. Rating 4 stroke:	230 hp
Overall Height:	2.20 m	H.P. Rating 2 stroke:	230 hp
Approx. Weight:	1150 kg	Fuel Tank Capacity - approx:	210 lt
Transom Height:	20" (twin) 25" (single)		

The 600 Classic Offshore is purpose built for bluewater fishing, with an ultra heavy hull that weighs in at approximately 200kg heavier than its nearest competitor. This model weighs in at approximately 1,150kg and with its perfect balance of comfort and performance it is easy to see why this boat is an award winner.

The 600 Classic Offshore comes with a large 210 litre long range fuel tank and is available in single or twin outboard applications. It also features large live wells, heaps of storage, provision for electric anchor winches and a huge 230 horsepower.

Overall Length:	6.75 m	Max Transom Engine Weight:	380 kg
Overall Beam:	2.40 m	H.P. Rating 4 stroke:	230 hp
Overall Height:	2.20 m	H.P. Rating 2 stroke:	230 hp
Approx. Weight:	1300 kg	Fuel Tank Capacity - approx:	210 lt
Transom Height:	20" (twin) 25" (single)		

The bigger sister of the 600 Classic, the 650 Classic Offshore offers the same level of fishability and comfort, in an even more spacious environment. This award winning boat is the result of years of research development and is a purpose built boat designed by fishermen, for fishermen.

The boat's heavy hull ensures a superior ride and every inch of this boat has been designed to take advantage of the available space. You'll even comfortably sleep two adults on board.
